SKILLS

- Javascript
- HTML & CSS
- SQL
- Python
- Google Cloud Platform
- Git and Github
- ReactJS
- NodeJS
- MongoDB

Spoken Languages
- English (Native/Bilingual)
- Spanish (Native/Bilingual)

PROJECTS

- **Full Stack React Blog App:** Created using ReactJS for the Front-End, NodeJS for the Back-End, MongoDB for storage, Google Firebase for Authentication and Google Cloud for Hosting. Link to the Project
- **Summit Bank Website:** Mock website for a fictitious bank. The project also features a Retirement Tool where visitors can calculate their retirement savings. HTML, CSS and JAvaScript were used to build this project. Project Link
- **Nucamp Website:** Leveraged ReactJS for the Front-End to create an interactive and visually appealing interface. Employed back-end technologies NodeJs and ExpressJS to ensure seamless data management and retrieval. Project.
- **Manix Tinting:** Website for Manix Tinting, a real small business This project harnessed the power of React for a dynamic and responsive user interface, Firebase for seamless hosting, and EmailJS for efficient communication. Link.

EXPERIENCE

Safehold Inc., Remote - *Sr. Corporate Services Technician*

JANUARY 2019 - PRESENT

- System Administrator for Document Management Software (M-Files). I played a pivotal role in ensuring seamless document management and data integrity within the organization
- Developed and executed SQL queries on Microsoft SQL Server, extracting, manipulating, and analyzing data to provide crucial insights, contributing to data-driven decision-making. These queries led to a 15% improvement in data processing efficiency
- Designed and implemented Python scripts to automate repetitive tasks, significantly reducing manual workload and saving approximately 20 hours per week in manual data scraping
- Successfully migrated approximately 1 million documents to the M-Files platform, ensuring data integrity and minimizing disruptions to business operations, resulting in a 30% reduction in document retrieval time
- Proficiently managed and maintained Salesforce databases, overseeing a vast repository of essential company information, resulting in a 99.9% data accuracy rate
- Managed a user base of approximately 120 employees spread across three different offices across the country, including remote positions

RCH Foods/Zaxbys, Alpharetta, GA- *Assistant Manager*

JANUARY 2018 - MAY 2022

- Assisted in overseeing daily operations and ensuring the smooth functioning of the restaurant.
- Managed and supervised a team of employees, providing guidance, training, and support to maintain high levels of customer service and operational efficiency.
